At BIGSA Political Party we say that everything in life starts with money.

It starts with the economy. BIGSA will unite the nation through the Economy.

We must make a difference to our communities.

As part of the BIGSA formation foundation, we had planned to launch a number of initiatives. To make a direct difference in the lives of our Communities.

Introducing

# BIGSA OPERATION EMBRACE

**BIGSA**

UNITE THE NATION THROUGH THE ECONOMY

OPERATION EMBRACE is based on a community involvement approach that encourages BIGSA members to reach out to their current municipal Ward Councillors in their area. No matter which Political Party that Councillor belongs to.

BIGSA encourages our Members to **EMBRACE** their current Municipal Councillors. BIGSA Ward Committees and Leaders in general, must introduce themselves to the Councillors in their wards. In order to help solve community issues together.

**We need to find out which specific community projects and programs your Municipal Councillor is planning in your ward. Offer to work with them and support them for the improvement of the lives of citizens in the ward or even your Sub Region.**

**No other Political Party has come up with this innovative idea. It is therefore easy to be misunderstood. Different Municipal Ward Councillors might reject the offer to help.**

**In that case we must never force ourselves. We must continue to try work for our communities anyway.**

**Working for communities does not always need funds. Working for communities does not always need protests or violent clashes. The key is to identify different challenges in our wards. And then highlight those to the Municipal Ward Councillor.**

**Should we not get any joy from our respective Ward Councillors, we can choose to escalate the specific community challenge to the following levels:**

- PR Councillor**
- MMC Responsible**
- Mayor**
- Provincial MEC COGTA**

**Or**

- Relevant MEC**
- Premier**
- National Minister Responsible**
- President**
- Constitutional Court (ultimate)**

**YOUR COUNCILLOR**

**is going to demand that our Ward Committees  
are better organised.**

**Different BIGSA members from other wards  
need to help and support other areas in being  
more structured.**

**Otherwise we run the risk of being undermined  
by our Ward Councillors by being disorganised.**
